Dear Sirs

I am writing to you on behalf of my client, Forz Khan, a senior Law barrister with more than 20 years experience at the bar.

He is the owner of fkchambers.com which is currently registered through joker.com (reseller.world) and despite several attempts of communication with the reseller and registrar neither parties are responding to my requests. I act for Mr Khan as his IT consultant.

I am unable to access the domain so I cannot prevent it from expiring and I cannot access my account or update nameservers or WHOIS information. This is causing me to suffer an immense loss of business.

Please, can you get involved and somehow shake these rogue traders up so that they comply and cooperate?

Kind regards

Thomas Markey
