Dear Sir

Subject: DIDP Request on plans for gTLD auction proceeds

In a discussion paper released in September 2015, ICANN asked for suggestions on how to spend the USD 60 million that it had received till then from gTLD auction proceeds. This is a request under your Documentary Information Disclosure Policy for information on the current status of this discussion. Our specific questions are as follows:

- 1) Documents showing the Board's decisions on the plans for the expenditure of proceeds from the gTLD auctions.
- 2) All presentations and proposals from any working group at ICANN to the ICANN board regarding the expenditure of the gTLD auction proceeds.

We hope that our request will be processed within the stipulated time period of 30 days. Do let us know if you require any clarifications on our queries.

Thank You
